Falling Off—Steel Suffers Great
Losses.

New York, Dec. 13.—At the second decline on the stock market today steel fell almost a point from its early best to 85½, and standard rails averaged one point lower, with greater heaviness in Canadian Pacific. Studebaker and some of the copper shares were more steady than other speculative issues. American Tobacco, after opening 4 points higher at 21½, suddenly declined on numerous small sales to 20, and Bethlehem Steel fell 16 to 45½, the preferred losing five at 150.

Bonds were irregular. Stock trading opened today with further uncertainty price changes, due in a measure to the publication of the American note to Austria. Initial quotations were fractionally lower or higher than last week's final figures. Studebaker being the most striking exception with an advance of 2 to 165. United States Steel's first offering was a lot of 1,500 shares at a nominal decline, which was soon regained. New York Central, last Saturday's strongest feature, repeated its high price of that session, 105½, but other rails were lower. Secondary prices reflected increased selling pressure with marked weakness.

Wheat Quotations Evidence Downward
Movement Following Word of
Big Shipments.

Chicago, Dec. 13.—Enlarged receipts here and continued liberal arrivals in the northwest tended today to favor the bear side of the wheat market. The opening ranged from 1½¢ to 1½¢ off to ¾¢ up with December at 1.13½¢ to 1.13½¢, and May at 1.14½¢ to 1.15½¢, a general decline followed.
